EF-21W

EpiqVision EF-21W

Best for compact home entertainment. Full HD mini laser projector with up to 150-inch display, Google TV and up to 10 years of use*.

This compact projector comes in warm white and can be projected in any direction - on a wall, ceiling or floor. The simple usability, setup and portability means you can enjoy entertainment on the go. Create the big screen experience wherever you want with an impressive display of up to 150 inches. With Epson's equally high White and Colour Light Output images are clear, sharp and content is brought to life. Everything you stream. All on one screen. Access 400,000+* movies and TV episodes, all in one place. Google TV™ brings your favourite content from across your apps and subscriptions and organizes them just for you. Ask Google Assistant to find movies, stream apps, play music and control your projector - all with your voice*. Easily cast movies, shows, photos, and more from your phone or tablet, right to your projector with Google Cast*. The built-in 5W Bluetooth speakers can be used with or without a visual display. The long-lasting laser light source will provide lower energy consumption, and you'll be able to enjoy home entertainment for up to 10 years*.This powerful yet affordable mini laser projector delivers exceptionally bright yet colourful images with clear details. It's 5,000,000:1 contrast ratio also produces clearly defined shadows and deep blacks. Epson's 3LCD technology means it's projectors have up to three times brighter colours than comparable 1-chip DLP projectors*. Included technologies such as automatic focus, keystone correction, obstacle avoidance and screen fit mean you enjoy instant entertainment at home or on the go. Simply power on the projector and let it find the best suitable screen size to fit your surroundings.
