Epson EB-685W

DATASHEET / BROCHURE

EB-685W

Best for professional environments. Versatile 3LCD projector for business and education use.

Epson's 3LCD technology ensures high-quality images with equally high White and Colour Light Output for vivid colours and bright images, even in daylight, and three times brighter colours than leading competitive projectors[1].Project for longer with improved reliability and a longer lamp life of up to 10,000 hours in eco mode.Split-screen functionality allows two pieces of content to be displayed simultaneously without compromising on quality. The moderator function allows teachers to remain in control, choosing what content to display.Wirelessly display content easily from a range of smart devices and Google Chromebooks using our iProjection App[2].Connecting the optional Epson document camera allows you to easily display images and 3D objects with incredible detail for the whole class to see.

KEY FEATURES
