Epson DFX-9000

DATASHEET / BROCHURE

DFX-9000

Best for data centres and back-office operations that need high-speed, heavy-duty 136-column dot matrix output.

The Epson DFX-9000 is a high print volume printer providing an unprecedented level of speed and reliability for the most demanding business. Its advanced paper handling accommodates a variety of paper types while the standard front and rear push tractors can be switched easily between different types of continuous paper. An optional perforation cutter provides paper finishing capabilities.

Also available as network version DFX-9000N.
