

Epson L6460

KEY FEATURES

Fast, time-saving printing •

Enjoy print speeds up to 17ipm¹

A4 multifunction printer with • touchscreen and ADF

High quality print, copy and scan in one machine, plus large paper tray for ease

Easy to use front ink tank •

Use the Epson Smart Panel app to set up, monitor, print and more from your mobile

Mobile printing and connectivity •

Just add paper for low intervention printing

Number 1 ink tank printer brand • *worldwide

Over 100m EcoTank printers sold
*worldwide

EcoTank Business+ L6460

Best for demanding businesses that need ultra-fast colour printing with high-capacity ink

.Get more done in less time

Take your business printing to the next level with this ultra-fast and efficient printer that can deliver a first page in as little as 7 seconds¹. Feature-rich A4 .EcoTank

Print, copy and scan with the L6460 which features double-sided printing, a 250-sheet front paper tray and 35-page automatic document feeder. It's easy .to navigate the extensive range of features with the 6.1cm LCD touchscreen

.Keep on saving

Making a saving every time you print with this EcoTank that delivers an incredibly low cost-per-page. Unlike other printers, EcoTank features large ink .tanks that you fill with low-cost ink bottles

.Business-quality printing

The EcoTank 112 ink series features all pigment inks for smudge, water and highlighter resistant prints. From one set of replacement inks, you can produce up to 7,500 pages in black and 6,000 in colour²

.Print from almost anywhere

With Wi-Fi and Wi-Fi Direct, you can send documents to print from smart devices using the Epson iPrint and Smart Panel apps³. Easy to use and reliable

Filling the ink tanks is simple with the resealable, intuitive and mess-free ink bottles. Epson's unique Heat-Free PrecisionCore Technology offers improved reliability, reduced downtime and less environmental impact. No warm up .time means the first page prints fast uses less power

LOGISTICS INFORMATION

1 First-Print-Out-Time (FPOT) measurement method: ISO/IEC17629 Office Category Test; paper size A4. A set of Microsoft Word, Microsoft Excel and PDF files (each set containing 4 pages) is continuously printed. Measurement is based on the average time for the first of the four single-sided prints to exit the printer. Measurement starts when the print button is pressed and ends when the first page of the set exits.2 Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 based on the replacement ink bottles. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower. 3 Requires a wireless connection to the internet. For more information, supported languages and devices please visit www.epsonconnect.eu4 Determined in accordance with ISO/IEC 24734 showing the average of ESAT from the Office Category Test for default simplex. For more information visit www.epson.eu/testingWARNING: when printing on glossy photo paper ink drying time will be considerably extended. Drying times depends also on humidity, temperature and other conditions. Do not touch the printed side until ink is completely dry. Moisture and oils from your skin can also affect print quality. Even after dry, avoid rubbing or scratching the surface of the printed paper.For Photo printing, Matte Photo paper is recommended
