Epson LQ-780

DATASHEET / BROCHURE

WORLD LEADER IMPACT DOT MATRIX PRINTER SINCE 1996

LQ-780

Best for offices that need fast, reliable 24-pin 106-column dot matrix printing for forms and reports.

Fast printing:Print faster and more productively. The LQ-780 prints the original + six copies, and is capable of printing an impressive 487 cps (10 cpi) when using printer resident fonts.

High ribbon yield:In a demanding and fast-moving work environment a high ribbon yield is essential, and with 10 million characters per ribbon, this marks the LQ-780 as a leading force in the flatbed market. It is also cost-effective, with long ribbon replacement cycles, low running costs and total cost of ownership.

Dependable:Durable and built to last, users will be assured by the MTBF (mean time between failures) of 20,000 power on hours. The robust casing can stand up to high humid and heat conditions, and automatic paper thickness adjustment makes the LQ-780 intuitive to use. This results in greater productivity and less maintenance from down time - essential when producing large amounts of documents and data.

Smart design:This compact hard-working printer is designed to fit on your desk. With its modern, black and white casing, it blends in seamlessly in both office and warehouse environments.

KEY FEATURES

- **High speed**
  Impressive print speed of 487 cps (10cpi) with 1+6 copies
- **Quality**
  The 106 column capacity with 24 pins means greater quality
- **Reliable**
  Combined power of print head life and MTBF of 20,000 hours
- **Modern design**
  The black and white casing blends comfortably into any work environment
