CW-C4000e (mk)

CW-C4000e (mk)

Best for businesses that need cost-effective desktop colour label printing in-house and on demand.

High print quality.

The C4000e is a label printer with four colour print output, which prints in high quality regardless of the label size and material. It offers high-resolution, four-colour output as standard, along with colour matching functionality (ICC profile and spot colour matching tool) for impactful, on-demand colour labels.

Compact and easy to use.

The C4000e is a highly intuitive label printer, straight out of the box. A large (2.7 inches) LCD display panel makes for simple operation. Media rolls can be easily swapped and changed, and the autocutter can be replaced without the need for an engineer visit.

Simple integration & connectivity.

The C4000e range is easy to integrate into existing systems. Drivers are available for ESC Label, Linux and Mac. New SDKs for iOS & Android allow easy tablet printing, and the optional Wi-Fi dongle gives you the capability to print from anywhere at any time. ZPLII compatible.

Gloss or matte black inks.

Tailored to your media requirements, the C4000e comes with either a gloss or matte black ink to help you create crisp, sharp black text and rich images.

A wide range of uses.

Thanks to individual pigment ink cartridges, you can create fast-drying labels that are smudge, water and fade resistant - from wine and food labels to shelf edge labels, ID cards and visitor badges.
