

Epson L3200 CIS

DATASHEET / BROCHURE

EcoTank Home L3200

Best for families and students who need reliable, low-cost printing, scanning and copying at home.

Say goodbye to expensive cartridges.

EcoTank provides hassle-free low-cost home printing - the ultra-high capacity ink tanks allow mess-free refills and the key-lock bottles are designed so only the correct colour can be inserted.

Keep on saving.

With up to 3 years' worth of ink included in the box², this EcoTank printer offers substantial print cost savings. The replacement set of ink bottles delivers up to 4,500 pages in black and 7,500 in colour³.

Packed with features.

Featuring print-scan-copy functionality, borderless photo printing (up to 10x15cm), you can speed through a variety of tasks with ease.

Heat-Free Technology.

With Epson Micro Piezo Heat-Free Technology you can enjoy fast and high-quality printing. The reliable and long lasting printhead also comes pre-installed so setting up your printer is hassle-free.

- 103 EcoTank Cyan ink bottle
- 103 EcoTank Magenta ink bottle
- 103 EcoTank Yellow ink bottle

INK YIELD DATA

Included	* 3,600 Pages	* 6,500 Pages
----------	---------------	---------------

Replacement

1. Determined in accordance with ISO/IEC 24734 showing the average of ESAT from the Office Category Test for default simplex. For more information visit the Epson website.2. Up to 3 years of ink is based on average monthly print volumes of 70 pages for EcoTank home and office printers and 40 photos for EcoTank photo printers. Calculations are based on the lowest included black ink bottle page yield for home and office printers and on the lowest included photo page yield for photo printers.3. Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.
