Long-lasting solution •

years¹ worth of entertainment 18

Affordable, high-tech equipment •

Enjoy this Full HD 1080p projector

Impressive, bright display •

Equally high White and Colour Light Output of 3,000 lumens

Best for big-screen fun at home and in the office. Affordable Full HD projector with 3,000 lumens and 3LCD for vivid, bright colours

Feel immersed in your favourite movies and games with this Full HD 1080p projector, that's capable of creating an impressive 391 inch display. Bringing the screen to life, 3LCD technology achieves a display that is up to three times brighter than competitor products². We don't think a home projector should be any more complicated to use than a TV. That's why this projector is hassle-free and quick to set up with features such as keystone correction to help quickly position the image. Accessing your entertainment is easy too with the HDMI input for connecting games consoles and more. Best of all, these projectors are super easy to use, letting you watch, play, and do everything you love, only bigger and better. Looking for a long-term, hassle-free and affordable solution for watching your favourite movies? With this model's long-lasting lamp light source, you'll be able to watch a film every day for 18 years¹. Even in bright rooms, this powerful yet affordable Full HD 1080p projector delivers exceptionally bright yet colourful images with clear details. It's all thanks to 3LCD technology, which produces an equally high White and .Colour Light Output of 3,000 lumens
