WorkForce Pro WF-M5399DW MEA

DATASHEET / BROCHURE

WorkForce Pro WF-M5399DW

Best for offices that need high-yield mono printing with reduced down-time and fewer supply changes.

Save money.

A reliable choice, low Total Cost of Ownership (TCO) and fewer replacement parts make this an attractive choice for businesses on a budget.

High productivity and low intervention.

Increase productivity with a fast First Page Out Time (FPOT) of 4.8 seconds from ready[1]. Print up to 40,000 pages without changing supplies with a high ink yield[2]. A paper capacity of up to 1,830 sheets (3 x optional 500 sheet cassettes) means less time spent refilling paper. A simple paper path and non-contact printing allows it to print on a wide range of media including recycled paper, glossy media and envelopes.

Reduce your environmental impact.

Improve your businesses environmental impact, while keeping productivity high and energy costs lower[3].

Built for business.

Perfect for small workgroups, a variety of software solutions can be integrated into your IT infrastructure to improve efficiency. Epson Print Admin creates a secure printing, scanning and copying environment through user-authentication.

KEY FEATURES

- **More sustainable printing**
  Due to fewer supplies, less wastage and lower power consumption[3].
- **Save money**
  Low Total Cost of Ownership (TCO) and energy saving.
- **High productivity, low intervention**
  Fast FPOT, high ink yield supplies and great paper capacity[1].
- **Built for business**
  Smooth system integration and security solutions with 1,830 max paper capacity.
