

Epson TM-T88V (236): Ethernet, PS, EDG, Buzzer, UK

DATASHEET / BROCHURE

Go greener with the world's first ENERGY STAR® qualified POS thermal receipt printer

Actual print speed is an impressive and efficient 300mm per second while multiple grey scale printing enables better representation of logos and graphic images. The TM-T88V works on several platforms, so it's simple to integrate into your network and it also comes with in-built USB IF which means easy migration to USB in the future. This is a highly reliable and easy-to-use POS printer, but with the interest of the customer being paramount, we have included a 4-year warranty as standard. This product meets the strict ENERGY STAR® guidelines set by the European Commission. Epson is a global manufacturer committed to protecting the environment for future generations by offering a range of ENERGY STAR® products. This is achieved by significantly reducing electricity usage, which saves energy, money and the environment, without compromising quality.

KEY FEATURES

High-speed printing of up to 300 mm/sec. Same speed for internal graphics

Multi greyscale printing for high quality logo printing

Automatic paper reduction function saves money

Outstanding reliability - 4 years warranty included
