DATASHEET / BROCHURE

EH-LS670B

Best for immersive home cinema. 4K PRO-UHD ultra-short-throw laser projector with AI Image Enhancement, Sound by Bose and Google TV.

Transform your home into a state-of-the-art cinema with the Epson Lifestudio Grand EH-LS670. This ultra-short-throw laser projector makes epic-scale entertainment effortlessly accessible. Experience spectacular 4K PRO-UHD visuals on a screen up to 120 inches, with 3,600 lumens of brightness and advanced 3LCD technology delivering vibrant, true-to-life colour. Our proprietary AI Image Enhancement elevates every frame for unparalleled clarity.

Audio is just as breathtaking, thanks to an integrated 20W 2.1ch speaker with Sound by Bose and Dolby Audio, creating an immersive soundscape that fills the room. Smart functionality is built-in with Google TV, giving you seamless access to all your streaming services. Gamers will appreciate the dedicated Gaming Mode (ALLM) for a fast and responsive experience. Setup is simple with the Epson Setting Assistant app, allowing you to create the ultimate viewing environment for film nights, big games, or series finales.

KEY FEATURES

- **Immersive Sound by Bose with Dolby Audio**

  A built-in 20W 2.1ch speaker system engineered by Bose delivers premium, room-filling audio. With Dolby Audio and Bluetooth connectivity, sound is as impressive as the picture.

- **Brilliant 4K PRO-UHD with AI Image Enhancement**

  Epson’s 3LCD technology and 3,600 lumens create exceptionally bright, colourful images. AI-powered enhancement ensures every scene is rendered with stunning clarity and detail.

- **Big Screen Entertainment up to 120”**

  Transform your room with an epic screen size up to 120 inches. This ultra-short-throw laser projector delivers a true cinematic scale, perfect for movies, sports, and concerts.

- **Smart Viewing with Google TV**

  Effortlessly stream your favourite content. Google TV brings together movies, shows, and more from across your apps and subscriptions, all organised in one convenient place for you.

- **Optimised for Gaming (ALLM)**

  Experience responsive, lag-free gameplay with a dedicated Gaming Mode (ALLM). Connect your consoles and enjoy fast-paced action on a massive screen for a truly competitive edge.
