EXCEED YOUR VISION

Flexible, high-quality labelling with enhanced connectivity options

The C4000e series is a compact label printer, ideal for desktop applications. With a range of easy-to-use features and flexible connectivity options, you can print high-quality labels quickly and easily.

SDKs for iOS and Android

High print quality

Easy to use

ColorWorks C4000e series

Peace of mind

Simple integration

Wi-Fi printing*

*Requires optional OT-WL06 dongle

Webconfig & EDA tools

With the addition of these tools, the C4000e has greater flexibility in configuration and remote management.

Easy to use

Large (2.7 inches) LCD display panel makes for simple operation. Media rolls can be easily swapped and changed. The model also features an autocutter, which can be easily replaced without the need for an engineer visit.

High print quality

High-resolution, four-colour print output comes as standard. Colour matching functionality (ICC profile and spot colour matching tool) helps deliver impressive, impactful, on-demand colour labels.

Simple integration

The range is easy to integrate and connect into existing systems. Drivers are available for Windows, Linux, Mac and ESC/Label. The range is also ZPLII compatible.

Peace of mind

Complete peace of mind. Epson covers everything (including the printhead) as long as the printer is covered under warranty/CoverPlus.

Wi-Fi printing

Adding the optional Wi-Fi dongle gives you the capability to print from anywhere at anytime.

SDKs for iOS and Android

Our new SDKs for IOS & Android allow easy and intuitive Tablet printing.

Applications

Food labels

Beverages

Ticketing

Cosmetics

Pharmaceutical

Products

Matte (mk) vs Gloss (bk) models

Along with the standard gloss black ink model, there is also a matte black ink version available.

The matte black ink offers a darker black on matte media and a richer image on plain media.
