

EcoTank Photo L8180

Best for photographers and artists who want lab-quality A3+ photos with print, copy and scan at low cost.

6-Colour Ink System.

The Epson Claria ET Premium inks produce high-quality, long-lasting photos up to A3+ size as well as outstanding black and white photos with the new grey ink. The pigment black ink is ideal for printing sharp text on plain papers.

Save Time and Money.

This economical printer allows you to print up to 2,300 high-quality photos with the replacement ink bottles¹. The bottles and tanks are designed for ease of use, meaning no hassle or mess when it's time to refill.

Modern Flexibility.

With full Wi-Fi, Wi-Fi Direct, and Ethernet connectivity, you can easily integrate this printer with your existing home set-up. You can also print from SD cards and USB flash drives through the 10.9cm colour touchscreen.

Artistic Media Compatibility.

The L8180 has photo-size and A4 front paper trays plus will print directly to suitable CDs/DVDs. The A3+ rear tray also accepts speciality media such as craft papers and card, whilst the A3+ straight paper feed means you can print on media up to 1.3mm thick and 2m long!Epson Smart Panel App.

This app enables you to control your printer from your smart device². Print photos, copy documents, set up and troubleshoot your printer, and let your creativity flow with a wide range of artistic templates.

Heat-Free Technology.

Engineered with Micro Piezo heat-free technology, you can enjoy consistent high-speed printing, with greatly reduced energy consumption so you can save time and money.

INK YIELD DATA

Included	* 1,800 photos	* 1,800 photos
----------	----------------	----------------

Replacement

1) Quoted ink bottle photo yields are extrapolated based on the ISO/IEC 29103 pattern with Epson's methodology printing photos in 10x15cm format, and NOT based on ISO/IEC 29102. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower. For more information visit www.epson.eu/pageyield2) Epson Smart Panel and Epson Creative Print require a wireless connection and the Epson printing apps. Epson Email Print, Epson Scan-to-Cloud and Epson Remote Print Driver require an internet connection. For more information, supported languages and devices, please visit www.epsonconnect.eu
