

## SD-10

**Best for print professionals who need portable, accurate colour measurement and spot colour matching.**

The SD-10 allows for easy integration with Epson Edge Print, directly measuring and replacing colours within the print workflow; connect via Bluetooth or USB.

You can build colour libraries by using the mobile app to create colour palettes, find similar pantone colours and record measurements. SD-10 gives you colour confidence, by using the mobile app to identify whether your Epson printer, media and ICC profile can reproduce a measured colour. SD-10 (ECSP) B41CK17301B0 additionally comes with an alignment guide B42B900201 and cover B42B900101 as well as a five-year warranty.

Colour management solution from Epson Create media profile profiles quickly and easily with Epson's SD-10 Spectrophotometer together with the SD-10 Automated Scanning Table and Epson Edge Color Lite software as well as colour matching and verification for Epson printers.<sup>2</sup>The SD-10 spectrophotometer plus SD-10 Automated Scanning Table is a great entry level, fast and portable colour management solution that supports media up to 13mm as standard; the scanning table accommodates media up to A3 size for speed and convenience.

The combined solution of SD-10, SD-Automated Scanning table and Epson Edge Color Lite can create a profile by scanning 379 patches in only 5 minutes. The SD-10 Automated Scanning Table is supplied in a carrying case for easy transport and storage, which includes a storage pocket for an SD-10.

## KEY FEATURES

- **Full-featured spectrophotometer**  
Accurate, quick and portable
- **Easy-to-use, portable design**  
Compact size makes it easy to carry
- **Standalone operation**  
Built-in LCD display lets you view colour measurements quickly
