

SureColor SC-P6500E WB

DATASHEET / BROCHURE

The SC-P6500E is a 24-inch, compact and stylish commercial photo and poster printer that delivers outstanding image quality.

Fast and feature-rich The 2.64-inch PrecisionCore MicroTFP printhead prints up to 18m²/hr in photo quality. And untrained users can easily load cut-sheet and posterboard from the front. It also includes Wi-Fi for connection flexibility. **Compact footprint - versatile design** The SC-P6500E's design is contemporary and compact. It fits into most working environments because of its flat and unobtrusive design. **Highly detailed prints, every time** The 6-colour UltraChrome Pro6 pigment inkset, including a new grey ink, broadens the colour gamut and provides smooth gradation and less graininess. This means the print quality is equivalent to other 8-colour printers. **Security and management features** The SC-P6500E includes enhanced IT and security features. Also, workloads can be managed more efficiently, through central management tracking applications: Epson Cloud Solutions PORT and Epson Device Admin.
