1. Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 19752 with replacement sets of ink. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles. Therefore the yield of the initial bundled set can be lower. Determined in accordance with ISO/IEC 24711 showing the average pages A1 from the Office Category test included with this printer. 6,000 pages yield based on EcoTank ET-110XL Series Black Bottle XL ink bottle sold separately.
