### Flatbed technology •

Flatbed technology for ergonomic front paper feed

Mean Volume Between Failures: 12 mill. lines

LQ-630

**Best for offices that need a fast, reliable 24-pin dot matrix printer for everyday business printing**

LQ-630 is a small and reliable printer especially for counter application. With its small design with 80 columns, LQ-630 fits perfectly in environments where space is rather limited. The ejection of both, continuous paper and cut sheets at front side enables easy handling of the print outs only at the front side of the printer. Due to the printer's flatbed technology, LQ-630 can print even smallest cut sheet forms and stickers down to 9 cm x 7 cm. LQ-630 can ideally be used with retail stores, banks, post offices, doctors' surgeries, ticket shops, cinemas, pizza services. Moreover the printer is perfect for label and .protocol printing with trade industrial firms
