# Business Printers and Multifunction Printers

# Choosing the right business printer

When your customers are looking to purchase a printer there are a number of considerations which need to be made.

Epson has a complete range of mono and colour printers designed for all applications in busy offices. With both inkjet and laser technologies, Epson has the perfect printer for your end user.

## Epson solutions

### Epson Device Admin

Easily manage and control an entire fleet of printers and scanners remotely, including the ability to install, configure, monitor, maintain and troubleshoot your devices for increased productivity and cost savings.

**Automate Processes** – Set automatic alerts based on device events and clone a device configuration to multiple devices in one step for increased productivity.

**Take control and analyse device usage** – Easily create a customised report that is delivered automatically to your email, providing you with device usage and analytics to help maintain performance levels.

**Flexible management adapts to your needs** - Streamline your business printing by creating device groups based on location, model, type, etc. or using historical reporting to identify devices that are underutilised or have specific functionality.

### Managed Print Services

Epson has a range of managed print service offerings providing predictable costs, convenience and peace of mind with warranty inclusive cover.

See page 17 for more details.

### Epson Print Admin

Epson Print Admin creates a secure server-based printing, scanning and copying environment through user-authentication with card readers and PIN codes, and enhanced features such as 'scan and send to me', employee-education notifications and enhanced administrative tools provide welcome boosts to productivity, environmental goals and efficiency.

Whether staff produce important legal documents, patient records or financial reports, Epson Print Admin gives a complete overview of printing, copying and scanning volumes, allowing controlled reduction of operational expenses.

Epson Print Admin empowers the monitoring of outlay, volume and key metrics from an individual, departmental and company level – and use them to make decisions on where to restrict or increase printing allowances. Together with our WorkForce Pro inkjet range, which uses up to 96% less energy than competitive laser alternatives\*, and produces up to 94% less waste\*, it's a software solution that provides maximum printing efficiency.

### Epson Open Platform

Epson Open Platform (EOP) makes our revolutionary multi-function printers (MFPs) fully flexible and customisable, enabling them to adapt to meet specific and changing customer requirements as business goals and enterprise IT systems evolve.

## Small to Medium Workgroups

### WF-5110DW

#### Inkjet Printer

##### Save time

Automatic double-sided printing

##### Low running costs

Up to 50% lower cost per page than competitive colour lasers<sup>1</sup>

##### Ecological

Uses up to 80% less power than competitive colour lasers<sup>1</sup>

### AL-MX300DN / AL-MX300DNF

#### Laser Multifunction Printer

##### High performance made affordable

Print up to 35ppm, with a first page out time of just 5.5 seconds<sup>2</sup>

##### Flexibility

Print, scan and copy

##### LDAP address book support

For quick integration in IT environments

##### Efficient document management

Organise documents easily

### WF-5620DWF

#### Inkjet Multifunction Printer

##### Save time

Automatic double-sided printing, scanning, copying and faxing

##### Ecological

Up to 80% less power<sup>1</sup>

##### Low running costs

Up to 50% lower cost per page<sup>1</sup>

##### Built for business

# DURABrite Ultra Ink and DURABrite Pro Ink

## Amazingly durable

Prints dry instantly and resist water, smudging, fading and highlighter pens

## Business quality documents

Laser-like text and graphics on plain paper

## Perfect prints

Enhance printed materials with high-quality graphics

## More choice

Print on a wide range of paper, including high impact colour on glossy media

Epson's business inkjet printers use high-quality - ISO 11798:2000 certified<sup>7</sup> - **DURABrite Ultra Ink** and **DURABrite Pro Ink** that deliver fast-drying business-quality prints that are water, smudge and highlighter resistant. With printing costs being a big concern for any business, Epson also offers a choice of cartridge sizes designed to suit the way you print.

Choose DURABrite Ultra Ink for WorkForce 5000 and WorkForce Pro Mono 5000 series.

Choose DURABrite Pro Ink for WorkForce Pro 6000 and WorkForce Pro 8000 series.

<sup>1</sup> For more information visit [www.epson.eu/inkjetsaving](http://www.epson.eu/inkjetsaving) <sup>2</sup> Determined in accordance with ISO/IEC 24734 showing the average of ESAT / FSOT from the Office Category Test for default simplex / duplex. For more information visit [www.epson.eu/testing](http://www.epson.eu/testing) <sup>3</sup> The smartphone and tablet PC being used must be connected to Wi-Fi network within the same subnet as the Epson iPrint enabled printers. Based on test results from BLI, over two months to April 2015. For more information visit [www.epson.eu/inkjetsaving](http://www.epson.eu/inkjetsaving)

# Epson Print Performance

Pay for what you print with a single Cost per Copy that includes printing supplies and warranty in one cost saving package.

Offering the convenience of full supplies management and an on-site service warranty for peace of mind, Epson Print Performance not only saves money, but also frees up your time to focus on what matters.

# Epson Print & Save

Many of our laser and WorkForce Pro printers are included in Epson's Print & Save package which offers businesses significant cost reduction in printing when compared with supplies and service cover bought separately.

This package gives businesses tighter budget control, the convenience of always having supplies to hand without overstocking and peace of mind with a three-year on-site service warranty.

# Print365

By taking care of all printing needs – however big or small – for low, simple fixed fees, Print365 gives customers full control and visibility of their printing, and takes the headache out of managing it. It's the straight-talking, full-serviced printing package that cuts hassle, costs and waste.

Print365 offers a range of packages designed to suit a variety of businesses.

All packages are presented with a monthly fee, but to provide greater flexibility will be invoiced on a quarterly basis.

# Business Scanners

# Choosing the right Business Scanner

Document scanners are an essential part of any organisation to ensure business critical documents are stored safely and in the best possible condition.

From USB powered portable scanners to network production mail room A3 devices, Epson have a range of feature-rich business scanners that can make light work of your archiving and document management tasks.

## Effortless integration and sharing

Epson scanners are designed for seamless integration into your IT environment with industry standard TWAIN, WIA and ISIS driver support.

With Epson Document Capture Pro, choose from a range of additional document destinations: Scan to cloud, Scan-to-Email or network folder share.

With our Wi-Fi Direct™ solutions, users can control business scanners with Android and Apple mobile devices through the Epson DocumentScan app. Simple solutions for agile workers and hot-desking.

## Document image scanning features

**Automatic De-Skew** – this improves scan results and the accuracy of OCR scanning by automatically detecting if the page being scanned is not straight – the software will straighten the scanned image so that it is level.

**Text enhancement** – this feature greatly improves the accuracy of OCR black and white scanning by eliminating document backgrounds to enhance text clarity.

**RGB colour enhance** – this increases the visibility of a specific colour on forms and documents – for example a watermark.

**RGB colour dropout** – this features removes colour backgrounds or colour text from documents or forms to improve the readability of scanned documents.

**Barcode Recognition and OCR** – name documents and create folders with advanced separation features. Convert scanned documents into searchable PDF, docx, pptx and xlsx file formats.

## A4 Flatbed Scanner

### DS-1660W

#### Smallest footprint in its class<sup>6</sup>

Making it easy to position in both front or back-office environments

#### Scan a wide range of documents

Including books, bound documents, passports and delicate items

#### Intelligent colour and image adjustments

Auto crop, skew correction, blank page and background removal

#### One of the fastest in its class

25ppm scan speed

#### Wireless and USB 3.0 connectivity

Choose flexibility and speed

### DS-5500 / DS-5500N

#### Quality results

High quality CCD technology

#### No warm-up time

ReadyScan LED for immediate scanning

#### Seamless integration

TWAIN & ISIS support

#### Network capable

Optional Network Interface Panel

#### Eco-friendly

ENERGY STAR-qualified<sup>4</sup>

### DS-6500 / DS-6500N

#### One-pass duplex

Scan both sides in one go

#### Quick scan speeds

Scan up to 25ppm/50ipm

#### High capacity ADF

100-page ADF capacity

#### Network compatible

Optional Network Interface Panel

#### Eco-friendly

ENERGY STAR-qualified<sup>4</sup>

### DS-7500 / DS-7500N

#### High-speed scanner

Up to 40ppm/80ipm

#### High capacity ADF

100-page ADF

#### Hassle-free

Double Feed Detection

#### Network capable

Optional Network Interface Panel

#### Eco-friendly

ENERGY STAR-qualified<sup>4</sup>
