

## KEY FEATURES

## SureColor V1000

• תמונות איכותיות הניתנות להתאמה אישית

דיו CMYK, דיו לבן ודיו לציפוי, לקבלת תמונות חדות ואפקטים מיוחדים

• רב-תכליתית במיוחד

מדפיסה על כל משטח קשיח כמעט, בעובי של עד 70 מ"מ

• הדפסת UV במחיר נוח במיוחד

פתרון ה-UV המושלם לעסקים קטנים

• תחזוקה קלה ופשוטה

ניקוי אוטומטי שמבטל את הצורך ברוב התחזוקה הידנית

• קומפקטית ונוחה

מתאימה לרוב משטחי העבודה וניתן למקם אותה בפינות או כנגד הקיר

**Best for producers who need versatile UV printing on rigid and flexible media for signage and promotional goods**

The SC-V1000 can print directly on a wide range of substrates with a thickness of up to 70mm; users can also print onto curved surfaces such as pens and golf balls with the use of a jig<sup>1</sup>. The SC-V1000 features an integrated ink pack system with 6 colours for producing high-quality and easily customisable images. The addition of white and varnish to the CMYK inkset allows the creation of unique effects using matte and gloss textures and expands the range of applications. The SC-V1000 is easy to maintain thanks to an automatic cleaning system with a fabric head wiper and no waste ink tank; it provides easy operation via an intuitive and simple touchscreen and Epson's replaceable ink pack system makes it easy to install and replace inks. The SC-V1000 also features customer replaceable air filters as standard to reduce UV ink odour.<sup>2</sup> With a highly compact footprint (699mm x 699mm), the SC-V1000 fits easily onto most standard workbenches and desktops and can be placed in corners or against a wall, as it offers complete front operation. The SC-V1000 also offers USB, Wi-Fi and network connectivity options, and comes with Epson Edge Print RIP software and connection to Epson PORT at no extra cost. The SureColor V1000 is supplied with a 3-year warranty for peace of mind.
