SureColor SC-F11000

DATASHEET / BROCHURE

KEY FEATURES

- **High productivity**
  Improve efficiency and lower costs
- **High and stable print quality**
  Efficienct dryer prevents ink transfer to the back of the media
- **Minimised downtime**
  Optional jumbo roll enables continuous production and reduced downtime[1]
- **Colour constancy**
  Accurate colour reproduction, reduced graininess and smooth gradation

SureColor SC-F11000

Best for textile producers and promotional goods makers who need high-quality 76-inch dye sublimation output.

Epson manufactures all the components for the SC-F11000, including printheads, inks and software, in order to reach the consistent quality levels that users demand. The optional jumbo roll enables continuous production and reduced downtime due to less frequent media changes. 300kg maximum roll weight.

Trusted reliability.

The robust, industrial build quality of the SC-F11000 helps to produce high-quality output, day after day. The printer's reliability is further enhanced by: Advanced Auto Tension Control (Ad-ATC) for accurate and stable media feeding even on thin media, auto-adjustment technology, and supporting software that allows users to monitor printer performance, even remotely.

High productivity.

Every component in the SC-F11000 has been designed, not only to enhance the user experience, but to help increase output, improve efficiency and lower costs. User productivity is further improved, thanks to the bulk ink solution (3-litre and 10-litre ink boxes) and a 'hot-swap' ink changeover function. It also incorporates operator-replaceable parts to increase uptime and improve productivity.

Speed.

The PrecisionCore MicroTFP printhead and a highly efficient dryer allow the SC-F11000 to print up to 255m²/hr, combining quality with high speed printing.

Epson Precision Dot Technology.

Eliminate banding and produce high print unifomity thanks to Micro Weave technology.

PRODUCT SPECIFICATIONS

TECHNOLOGY	
Printing Method	PrecisionCore™ Micro TFP printhead
Ink Technology	Ultrachrome® DS
Printing Resolution	1200 x 1200 DPI
PRINT	
For detailed information on printing speeds please visit http://www.epson.eu/testing.	
SCAN	
PAPER / MEDIA HANDLING	
Paper Formats	76 “ (193.0 cm) Roll, 64” (162.6 cm) Roll, 44” (111.8 cm) Roll, 36” (91.4 cm) Roll
Print Margin	0 mm top, 0 mm right, 0 mm bottom, 0 mm left (Wherever margin is defined. Otherwise 3mm Top, Right, Bottom, Left.)
Media Handling	Roll Paper
GENERAL	
Product dimensions	4607 mm x 1303 mm x 1886 mm (Width x Depth x Height)
Compatible Operating Systems	Windows 10 (32/64 bit), Windows 8.1 (32/64 bit), Windows 8 (32/64 bit), Windows 7 (32/64 bit)
Mobile and Cloud Printing Services	Epson Cloud Solution PORT
OTHER FEATURES	
Features	Touchscreen, Nozzle Verification Technology, Auto Take up Reel
OTHER
