DATASHEET / BROCHURE

EcoTank Business+ M2110

Best for demanding businesses that need reliable, high-volume mono print, copy and scan.

Reduce your printing costs. It features a large refillable ink tank that you fill with the included ink bottles instead of toner. From the start you have enough ink to print thousands of pages, slashing costs and saving time.

Low cost replacements. Reliable.

Save time Don't waste time changing supplies - with an ink tank system, you can essentially fill it up and forget about it. Printing is fast with no warm-up time and print speeds of 15ppm.

Save energy Cut energy usage and reduce overheads with an EcoTank mono printer. It can save up to 90% in power consumption compared to mono laser printers.

* Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 or 29103. Quoted yields are NOT based on ISO/IEC 24711 or 29102. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set will be lower.
