SD-10 (ECSP)

DATASHEET / BROCHURE

SD-10 (ECSP)

Best for print professionals who need portable, accurate colour measurement and spot colour matching.

Its compact size makes it easy to carry, and its embedded battery allows you to take measurements virtually anywhere, anytime. Thanks to the built in Bluetooths® connectivity, the Epson Spectrometer mobile app[1], and workflow integration, the SD-10 can help you elevate your colour capabilities.

The SD-10 allows for easy integration with Epson Edge Print, directly measuring and replacing colours within the print workflow; connect via Bluetooth or USB.

You can build colour libraries by using the mobile app to create colour palettes, find similar pantone colours and record measurements. SD-10 gives you colour confidence, by using the mobile app to identify whether your Epson printer, media and ICC profile can reproduce a measured colour. SD-10 (ECSP) B41CK17301B0 additionally comes with an alignment guide B42B900201 and cover B42B900101 as well as a five-year warranty.

KEY FEATURES

- **Full-featured spectrophotometer**
  Accutate, quick and portable
- **Easy-to-use, portable design**
  Compact size makes it easy to carry
- **Standalone operation**
  Built-in LCD display lets you view colour measurements quickly
